

Scale Bases

Model : TSSYB Series

TSSYB DIGI Scale Bases have a mild steel base and stainless steel platform cover. They have a generously sized weighing platform and are trade approved when connected to an appropriate scale indicator. Available in a choice of capacities up to 300 kg, these scale bases are suitable for weighing in dry industrial environments.

FEATURES

- NMI approved for trade use
- trade approval applies when connected to an approved indicator
- mild steel base and stainless steel platform cover
- choice of weighing capacities to suit individual requirements
- suitable for a wide range of weighing applications
