

PE Stretch Film

PVC-Free Food Grade Film

Wedderburn is excited to announce the latest addition to our recyclable product lineup: Polyolefin (PE) Film.

Known for its exceptional flexibility, durability and versatility, PE film is the ideal choice for a wide range of packaging applications. Meets **APCO** guidelines - our film offers excellent protection and aligns with global sustainability standards.

FEATURES

-  **RECYCLABLE:** Meets Australian and NZ APCO recycling standards. Environmentally friendly and contributes to reducing waste and conserving resources.
-  **PROTECTION:** PE film offers excellent protection against moisture, dust and other contaminants ensuring your products remain safe and intact during storage and transit.
-  **FLEXIBILITY:** With its high flexibility, PE film conforms to various shapes and sizes, making it suitable for wrapping a diverse range of products.
-  **DURABILITY:** Built to withstand rigorous handling and transportation, PE film from Wedderburn ensures your products reach their destination in perfect condition.
-  **CERTIFIED:** Wedderburn's Digiwrap PE stretch film is certified for eco-friendly food packaging. It ensures freshness while supporting sustainability.

COMPATIBLE WITH OUR COMPLETE RANGE OF DIGI WRAPPERS

DIGIWRAP AUTO (stretch wrapping film) is a polyolefin multilayer co-extruded stretch wrapping film specifically designed for automatic/manual packaging applications of food. It is compatible with all our DIGI Wrapping Machines.

LABELS & PACKAGING

SUITABLE FOR A RANGE OF APPLICATIONS

FOOD: Ideal for packaging food products, ensuring freshness and hygiene.

RETAIL: Perfect for protecting and enhancing the appeal of consumer goods on store shelves.

WHY WEDDERBURN PE STRETCH FILM?

NO PVC: Our film is free from PVC, making it a safer and more sustainable option.

CYCLOS CERTIFIED: Our film is 100% recyclable, supporting a circular economy and helping reduce environmental impact.

APCO STANDARDS: The Australian Packaging Covenant Organisation (APCO) recognises Cyclos testing for recyclability, so you're aligning with top sustainability practices.

WHAT IS CYCLOS-HTP?

Cyclos-HTP is a company specialised in the classification, assessment and certification of recyclability of packaging and goods as well as in research and development in this area.

LOOKING TO REDUCE YOUR ENVIRONMENTAL FOOTPRINT?

Our PE films provide eco-friendly packaging solutions that meet strict environmental standards while delivering the reliable performance businesses expect. We're dedicated to offering products that help reduce environmental impact without compromising on quality or efficiency.
